Good afternoon,

OERR Central office was contact by the GAO regarding yesterday's Moakley evacuation due to the bomb scare. GAO is working on a report to Congress on the OEP process as it involves DHS FPS and Federal Buildings. GAO would like a copy of the After Action Report from the evacuation when it is completed. If you could send me an electronic copy so I can forwarded through channels since the committee is meeting next week and would like to have this report if available for the meeting.

Mike,

I have a Judges meeting today and I will inquire about the report and let you know. The USMS completes the AAR or Incident Report.

Do you happen to have the GAO request in writing, it may make it easier to get a copy?

Hi Kelly, I did not bring this up at the Judges meeting but do you think that it would be OK to provide a copy as requested to GAO? If yes please provide me with a copy and I will forward.

Thanks

As I explained, GAO is conducting work for a House Homeland Security subcommittee to describe the extent to which federal facilities protected by FPS have developed plans for safely evacuating participants, and challenges they may face in doing so. While the Moakley courthouse is not within the scope of our engagement, information on the evacuation experiences would be very relevant. We look forward to receiving the After Action Report. Thanks again.

I'll ask Gary if he has a copy. I asked the USMS for a copy. Big secrets.

I still haven't gotten a copy of the security assessment that was done last year. I've asked the USMS twice and Gary said he would get me a copy. Nothing yet.

Oh well.

Thank you
